Dear Sir/Madam,

46804-4498 USA

Earlier this year, LH Industries updated our old an out-dated phone system to the 3CX system through Applied Technology Group (ATG). I had both Verizon and ATG bid on the new system.

Phone: 260-432-5563

I am pleased that we chose to go with ATG, because their customer service and support has been outstanding. I do not believe we would have had the support we needed had we chosen to go with Verizon.

Fax: 260-432-2503

We have been very happy with the new system and the continued support we receive from ATG. I would highly recommend both the 3CX phone system and Applied Technolgy Group to other organizations looking to make a switch.
